## **Summary**

This report collects statistics from a variety of sources on casualties sustained during Operation Enduring Freedom (OEF), which began on October 7, 2001, and is ongoing. OEF actions take place primarily in Afghanistan; however, OEF casualties also includes American casualties in Pakistan, Uzbekistan, Guantanamo Bay (Cuba), Djibouti, Eritrea, Ethiopia, Jordan, Kenya, Kyrgyzstan, the Philippines, Seychelles, Sudan, Tajikistan, Turkey, and Yemen.

Casualty data of U.S. military forces are compiled by the U.S. Department of Defense (DOD), as tallied from the agency's press releases. Also included are statistics on those wounded but not killed. Statistics may be revised as circumstances are investigated and as records are processed through the U.S. military's casualty system. More frequent updates are available at DOD's website at http://www.defenselink.mil/news/ under "Casualty Update."

A detailed casualty summary of U.S. military forces that includes data on deaths by cause, as well as statistics on soldiers wounded in action, is available at the following DOD website: http://siadapp.dmdc.osd.mil/personnel/CASUALTY/castop.htm.

NATO's International Security Assistance Force (ISAF) does not post casualty statistics of the military forces of partner countries on the ISAF website at http://www.isaf.nato.int/. ISAF press releases state that it is ISAF policy to defer to the relevant national authorities to provide notice of any fatality. For this reason, this report uses fatality data of coalition forces as compiled by CNN.com and posted online at http://www.cnn.com/SPECIALS/2004/oef.casualties/index.html.

Reporting on casualties of Afghans did not begin until 2007, and a variety of entities now report the casualties of civilians and security forces members. The United Nations Assistance Mission to Afghanistan (UNAMA) reports casualty data of Afghan civilians semiannually, and the U.S. Department of Defense occasionally includes civilian casualty figures within its reports on Afghanistan. The Afghanistan Independent Human Rights Commission, http://www.aihrc.org.af/ 2010\_eng/, and the Afghan Rights Monitor, http://www.arm.org.af/, are local watchdog organizations that periodically publish reports regarding civilian casualties. From July 2009 through April 2010, the Special Inspector General for Afghanistan Reconstruction (SIGAR) included statistics of casualties of members of the Afghan National Army and Afghan National Police in its quarterly reports to Congress. SIGAR has ceased this practice, and there is no other published compilation of these statistics. This report now derives casualty figures of Afghan soldiers and police from the press accounts of the Reuters "Factbox: Security Developments in Afghanistan" series, the Pajhwok Afghan News agency, Daily Outlook Afghanistan from Kabul, and the AfPak Channel Daily Brief. These services attribute their reported information to officials of the NATO-led ISAF or local Afghan officials. Pajhwok Afghan News frequently concludes its accounts with statements from representatives of the Taliban; however, these figures are not included in this report.

Because the estimates of Afghan casualties contained in this report are based on varying time periods and have been created using different methodologies, readers should exercise caution when using them and should look to them as guideposts rather than as statements of fact.

This report will be updated as needed.

he following tables present data on U.S. military casualties in Operation Enduring Freedom, deaths of coalition partners in Afghanistan, and Afghan casualties, respectively.

Table 1. Operation Enduring Freedom, U.S. Fatalities and Wounded

(as of August 3, 2011, 10 a.m. EDT from October 7, 2001)

	Fatalities in and Around Afghanistan <sup>a</sup>	Fatalities in Other Locations <sup>b</sup>	Total Fatalities <sup>c</sup>	Wou	nded in Action
Hostiled	1,310	11	1,321		
Non-Hostile <sup>e</sup>	268	89	357		
Total	1,578	100	1,678	Total	13,011

**Source:** U.S. Department of Defense, http://www.defense.gov/news/casualty.pdf.

- a. "Fatalities in and around Afghanistan" includes casualties that occurred in Afghanistan, Pakistan, and Uzbekistan.
- b. "Other locations" includes casualties that occurred in Guantanamo Bay (Cuba), Djibouti, Eritrea, Ethiopia, Jordan, Kenya, Kyrgyzstan, the Philippines, Seychelles, Sudan, Tajikistan, Turkey, and Yemen.
- c. Fatalities include two Department of Defense civilian personnel.
- d. According to the Department of Defense *Dictionary of Military and Associated Terms*, as amended through 31 August 2005, a "hostile casualty" is a victim of a terrorist activity or a casualty as the result of combat or attack by any force against U.S. forces, available at http://www.dtic.mil/doctrine/dod dictionary/.
- e. The above-named reference defines a "nonhostile casualty" as a casualty that is not directly attributable to hostile action or terrorist activity, such as casualties due to the elements, self-inflicted wounds, or combat fatigue.

Table 2. American Casualties by Year Through August 3, 2011

Year	<b>Total Deaths</b>	Total Wounded in Action
2001	П	33
2002	49	74
2003	45	99
2004	52	218
2005	98	267
2006	98	400
2007	117	749
2008	155	795
2009	311	2,142
2010	499	5,238
2011 through August 3	243	2,996

a. Countries listed indicate the nationality of the military forces, not of the individuals. For example, Fijians who were killed while fighting in French forces are counted as French. Similarly, citizens of other nations who fight in American military forces are counted as Americans.

**Table 4.Afghan Casualties** 

Group	Period	# of Casualties	Note
Afghan Civilians	January-June 2011a	1,462 killed	The United Nations documented
, and a second	janea / jane zer	2,144 injured	1,462 civilian deaths Jan-June 2011, a 15% increase over the same six months in 2010. May 2011 was the deadliest month for civilians in four years with 368 deaths; an additional 360 civilians were killed in June. Afghan and international pro-government forces, caused 14% of these deaths, a
			9% decrease for the same period of 2010. Anti-government elements killed or injured 80% of all civilian casualties, with nearly half harmed by improvised explosive devices and suicide attacks.

	7 killed Anti-government elements (AGEs),
4,34.	
	which include the Taliban and other individuals or groups who engage in armed conflict with the government of Afghanistan or members of the International Military Forces, were reported responsible for 75% of the civilian deaths and 78% of civilian injuries. The number of civilians assassinated by AGEs increased 105%, to 462 persons, compared with civilian assassinations in 2009.
2009 <sup>c</sup> 2,41	2 killed 67% of civilian deaths were attributed
3,560	to actions of AGEs (78% of these deaths were caused by improvised explosive devices and suicide attacks).
	25% of civilian deaths were attributed to pro-government forces.
	8% of civilian deaths were the result of cross-fire or improperly detonated ordnance.
2008 <sup>d</sup> 2,118	8 killed
2007 <sup>d</sup> 1,52	3 killed
Afghan National Army January-June 2011e 99 k	illed News sources include the report that, as of March 16, 21 soldiers had been killed in the previous 21 days.
