## Senate Committee Funding Requests and Authorizations, 106<sup>th</sup>-116<sup>th</sup> Congresses

In the Senate a biennial funding process applies to all Senate committees except Appropriations and Ethics, which have permanent authorizations for their staff and operating expenses. The Senate Committee on Rules and Administration has jurisdiction over committee funding resolutions and issues regulations governing committee funding and staff.

On February 27, 2019, the Senate adopted by unanimous consent S.Res. 70, authorizing expenditures by Senate committees for the period March 1, 2019, through September 30, 2019, the period October 1, 2019, through September 30, 2020, and for the period October 1, 2020, through February 28, 2021.

This report, which provides committee funding requests and authorizations for Senate committees in the 106<sup>th</sup> through 116<sup>th</sup> Congresses, will be updated as warranted. For further information on the committee funding process, see CRS Report R43160, *Senate Committee Funding: Description of Process and Analysis of Disbursements*, by William T. Egar.

## Background

The Senate biennial committee funding process applies to all Senate committees except Appropriations<sup>1</sup> and Ethics,<sup>2</sup> which have permanent authorizations for their staff and operating expenses. The Senate Committee on Rules and Administration has jurisdiction over committee funding resolutions and issues regulations governing committee funding and staff. Committee funding and staff are also regulated by Senate rules, especially Rule XXVI, clause 9, and Rule XXVII, as well as by statute. The funds authorized and allocated by resolution are appropriated in legislative branch appropriations acts.

Authorization of funding for Senate committees (except the Committee on Appropriations and Select Committee on Ethics) is governed by Senate Rule XXVI, paragraph 9.<sup>3</sup> In recent practice, during the first few months of a new Congress, each Senate committee (except Appropriations and Ethics) typically reports a two-year funding resolution providing for their expenses. These resolutions are then incorporated by the Committee on Rules and Administration into a single, omnibus committee funding resolution. Since the 106th Congress, committee funding resolutions have divided funds among three calendar periods—from March 1 to September 30 of the first year of a Congress, from October 1 to September 30 of the following year, and from October 1 to end of the following February—to align with the fiscal calendar. This permits the Senate to identify the amounts authorized for each fiscal year and the subsequent appropriations required.

On February 27, 2019, the Senate adopted by unanimous consent S.Res. 70, authorizing expenditures by Senate committees for the period March 1, 2019, through September 30, 2019, the period October 1, 2019, through September 30, 2020, and for the period October 1, 2020, through February 28, 2021.

**Table 1** provides the requested and the authorized levels of funding for committees for the 116<sup>th</sup> Congress. **Table 2** through **Table 11** provide committee funding requests and authorizations for Senate committees in the 106<sup>th</sup> through 115<sup>th</sup> Congresses. **Table 12** through **Table 21** provide inflation-adjusted requests and authorization levels for the 106<sup>th</sup> through 115<sup>th</sup> Congresses, calculated in constant 2019 dollars.<sup>4</sup> Additionally, all tables show differences between the total requested and the total authorized funding levels.

<sup>3</sup> Specifically, Senate rule XXVI, paragraph 9(a) provides for each committee to annually report a funding resolution authorizing the committee to make expenditures during the period from March 1 of the current year through the last day of February in the following year. Rule XXVI, paragraph 9(b) provides for a process that may be employed in lieu of the process outlined in paragraph 9(a); specifically, it permits the Committee on Rules and Administration to direct each committee to report an authorization resolution covering a two-year period; and for the Committee on Rules and Administration to report an authorization resolution providing for the expenditures of multiple committees over either a one- or two-year period.

<sup>4</sup> All constant dollar calculations are based on the annual average Consumer Price Index for All Urban Consumers (CPI-U, Bureau of Labor Statistics, U.S. Department of Labor).

The Congressional Research Service (CRS) is a federal legislative branch agency, housed inside the Library of Congress, charged with providing the United States Congress non-partisan advice on issues that may come before Congress.

EveryCRSReport.com republishes CRS reports that are available to all Congressional staff. The reports are not classified, and Members of Congress routinely make individual reports available to the public.

Prior to our republication, we redacted phone numbers and email addresses of analysts who produced the reports. We also added this page to the report. We have not intentionally made any other changes to any report published on EveryCRSReport.com.

CRS reports, as a work of the United States government, are not subject to copyright protection in the United States. Any CRS report may be reproduced and distributed in its entirety without permission from CRS. However, as a CRS report may include copyrighted images or material from a third party, you may need to obtain permission of the copyright holder if you wish to copy or otherwise use copyrighted material.

Information in a CRS report should not be relied upon for purposes other than public understanding of information that has been provided by CRS to members of Congress in connection with CRS' institutional role.

EveryCRSReport.com is not a government website and is not affiliated with CRS. We do not claim copyright on any CRS report we have republished.
